New Partnership *elsight*

“We look forward to a flourishing drone market in Japan and the region with Elsight's robust connectivity!”

We are proud to announce that Navicom Aviation and Elsight have formally agreed to work as great partner companies from now on! This partnership represents a significant milestone for both of us. We are now ready to more efficiently and tightly support Elsight and accelerate the development of the drone market in Japan and the Asia region. With its new technology device, Halo by Elsight, we are very excited to collaborate with their outstanding team and connect to the new world!

In our mission to spread robust connectivity to the uncrewed markets around the world...
